

## Reciprocal Reading Prompts

The facilitator uses the following prompts to guide the group's reading:

### Predicting

"I think the next part will be about..."

and/or

"Does anyone have anything to add to my prediction, or a different prediction?"

### Silent Reading

"Read silently from... to..."

(you can negotiate section length with the group)

### Clarifying

"Is there anything you are unsure of in this section (**words, ideas, information**)?"

and/or

"I would like to know what ..... means"

### Questioning

"My question about this is ....." and/or

"Has anyone else got a question?"

### Summarising

"My summary of the part we have just read is..."

and/or

"Has anyone else got a different summary? Have I missed anything important in mine?"

**The next person now becomes the facilitator.**

Start again at Predicting.
