Inserting a video into you EIT online course

1. Once you have found the episode you want to share with your students, click on 'Get embed code'.

The screenshot shows the eTV website interface. On the left is a video player for 'The making of the Hobbit'. To the right is a sidebar with several options: 'ADD TO EVA', 'CLIP VIDEO', 'Download' (with sub-options: 'GET EMBED CODE', 'DOWNLOAD VIDEO', 'DOWNLOAD META-DATA'), 'REMOVE FROM FAVOURITES', and 'Share' (with sub-options: 'SHARE BY EMAIL', 'SHARE BY SOCIAL MEDIA'). A red arrow points from the 'GET EMBED CODE' button in the sidebar to a larger, zoomed-in view of the same button on the right side of the image.

2. Highlight the text using your mouse. Right click on the text and click 'Copy'. (or you can save to text or html file but this is not as easy).

eTV Embedding Code Agreement

PLEASE READ THIS AGREEMENT ('LICENCE') CAREFULLY BEFORE EMBEDDING THIS VIDEO ON ANOTHER WEBPAGE. BY USING THE VIDEO FROM eTV, YOU ARE AGREEING TO BE BOUND BY THE TERMS OF THIS LICENCE.

Permitted Licence Uses and Restrictions

Videos using the Embedding Code from TV Recordings, Curriculum Collections and the eTV Library may only be displayed on websites which are accessible by your educational establishment's Staff or Students only.

Videos from your institution's Private Library may only be displayed on a webpage that is available to persons who are staff or students of your educational establishment, unless all Rights have been cleared for other persons outside your educational establishment to view the video.

Programmes embedded from TV Recordings and Curriculum Collections are governed by your Screenrights Licence. Your rights under the Screenrights Licence may terminate if you fail to comply with any term(s) of the Screenrights Licence. Upon the termination of your Screenrights Licence you shall cease all use of the video.

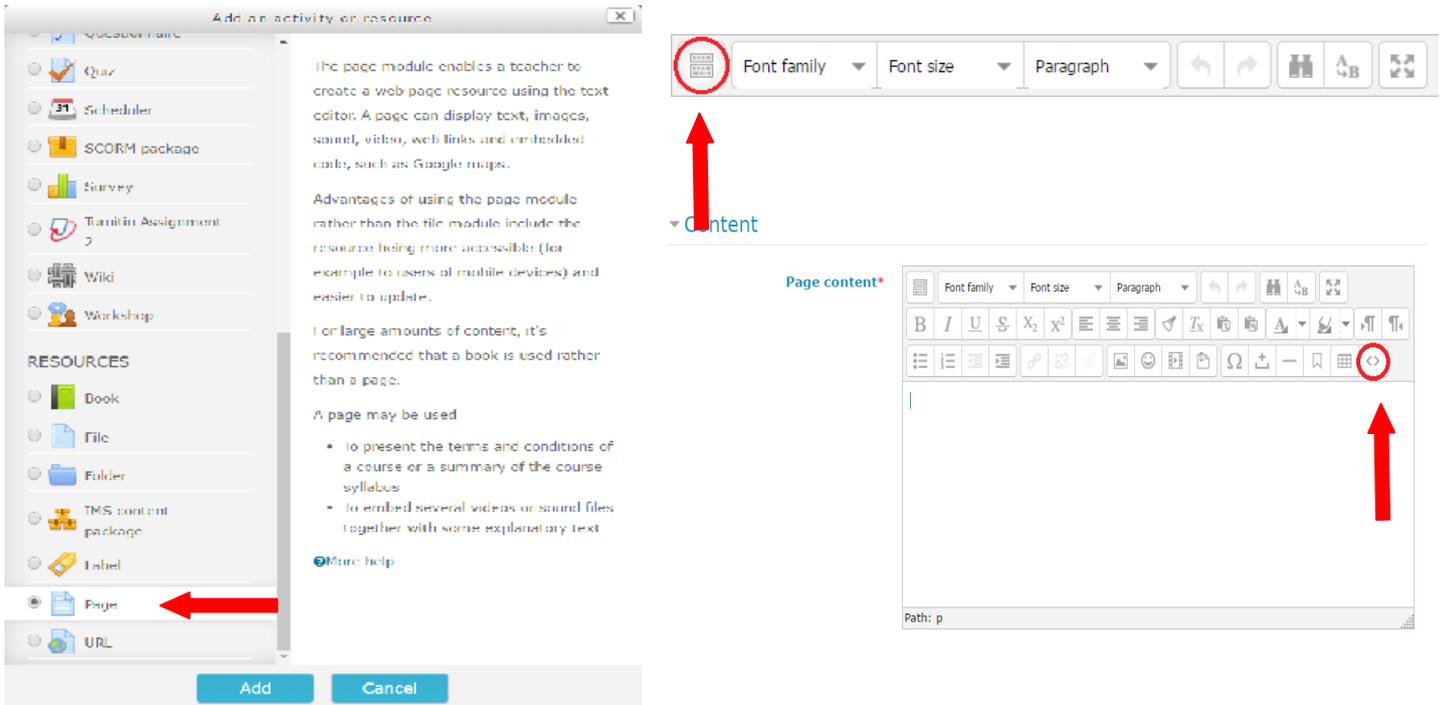

Controlling Law

This Licence will be governed by and construed in accordance with the laws of New Zealand.

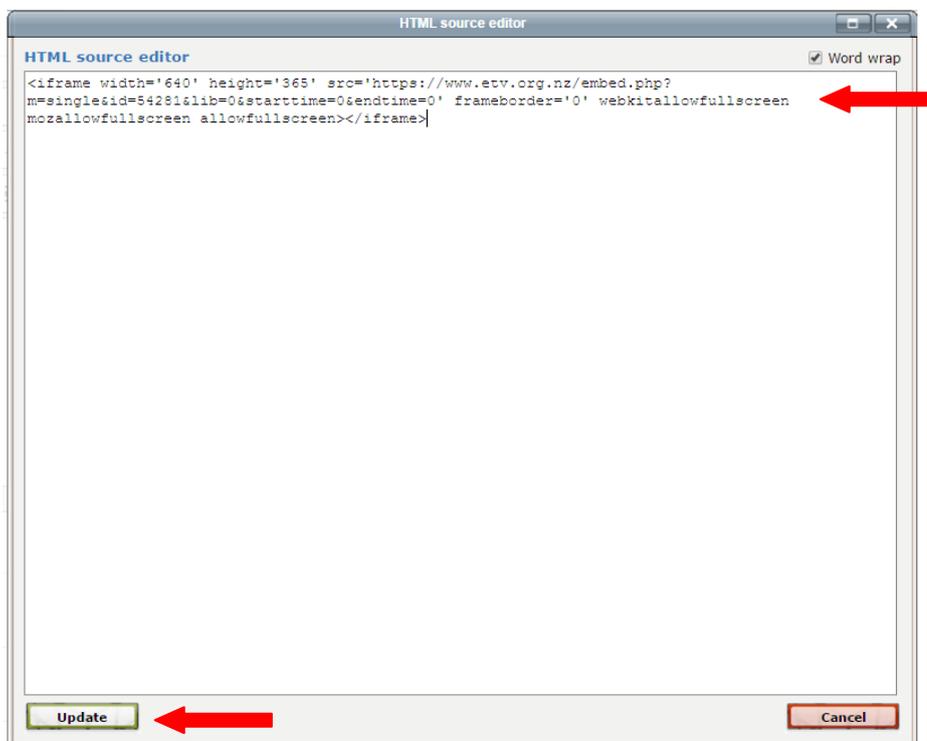

Your eTV Account Coordinator will be notified automatically about any embedding code taken for a video from your institution's Private Library.

3. Log into EIT Online and browse to your course. Make a new 'Page' resource.
4. Give the resource a name and scroll down to 'Page Content'. Click on the toggle button and then the 'HTML' <> button.

5. A popup will appear. Right click and click 'Paste'. This will paste your embedded text into the page.

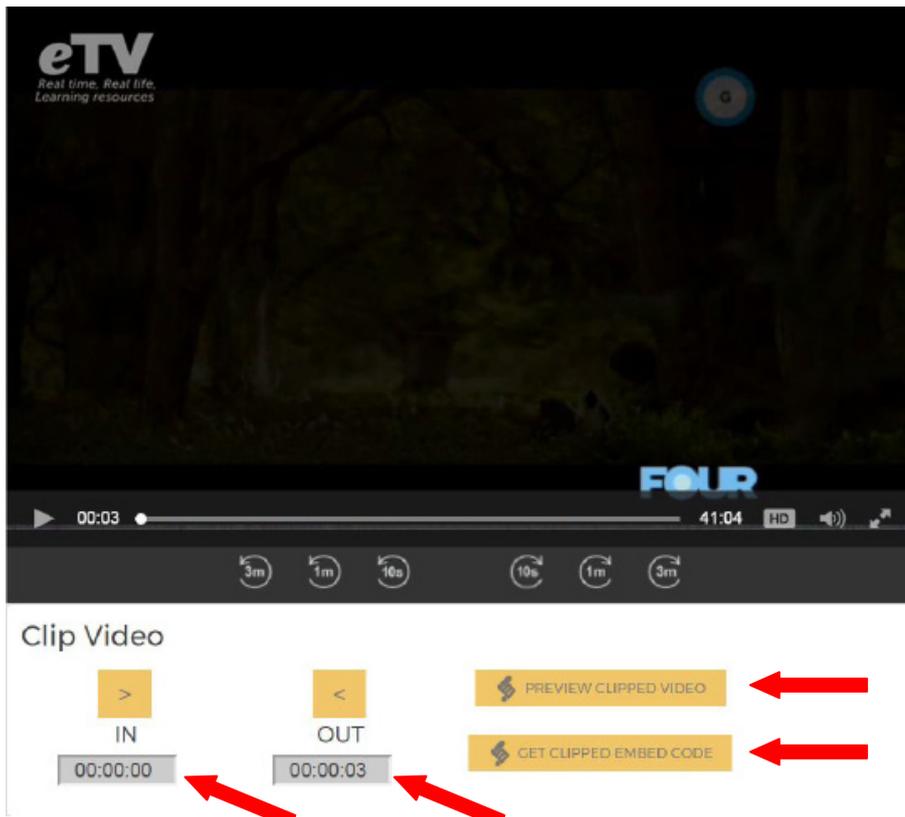

Sharing a clip of a video on your EIT online course

1. On the video you want to select a clip from, click on 'CLIP VIDEO'.

2. Set the IN and OUT times (at the start and end of the section you want to clip out).

Preview the clipped video to make sure you have selected the right IN and OUT times.

3. When you click "Get clipped video embed code" read through the text and agree.

Adding interactive questions throughout the video

The screenshot shows the 'Interactive Video Editor' interface. At the top, there is a title field containing 'The making of the Hobbit'. Below the title is a toolbar with various icons for editing. A red arrow points to the question icon in the toolbar, with the text 'Adding interactive questions throughout the video' above it. Another red arrow points to the 'T' icon in the toolbar, with the text 'Adding text overlay' below it. A third red arrow points to the bookmark icon in the video player's control bar, with the text 'Adding bookmarks to use for reference' above it. At the bottom left, there is a green 'SAVE' button with a red arrow pointing to it.

eTV Troubleshooting

eTV works on the following internet browsers:

- Safari version 4 and up
- Internet Explorer version 8 and up
- Firefox version 5 and up
- Google Chrome 13

1. Make sure you have a current version of Adobe Flash Player and Shockwave Player. These are free software products that allow videos to run properly (such as eTV) from a internet browser.
Go to <http://www.adobe.com/> to download these.

2. You also need to make sure both Javascript and Cookies are enabled in your browser. These are located under Tools > Internet Options > Security. Where these settings are located depends on the internet browser you use.
