 Q: D	Ooes my course have study days I need to attend?
A: C	heck out the Programme Schedule/Timetable. This shows whether the delivery
m	node is Online, or Blended/Online with compulsory study days.
	What courses you are offering next semester?
	Check out the Programme Schedule, available within the programme information
	What are the fees for the programme I am enrolling in?
	ees are confirmed each year for the following academic year around November.
	he fees will be updated on the Programme Schedule as soon as possible after
 tr	his.
	have completed some postgraduate study with another tertiary provider, can I
	ave this credited towards my study with EIT?
	here is a formal process for applying for Recognition of Prior Learning / Cross
	redits, and students are required to be enrolled in a programme before we can
	onsider a credit application. After a credit application is assessed, final approval
	considered by the Postgraduate Programmes Cluster Committee. It is likely that we could consider credits if your studies are assessed as equivalent to the credit
	alue and level of our postgraduate programmes. Credits can be assessed as
	pecified, or unspecified credits, depending on whether or not the courses you
	ave studied are determined as equivalent to the learning outcomes of our
	ourses. We cannot confirm this until an application is received. Please request
	n Application for Recognition of Learning for Credit form when you enrol.
Q: V	Vhen can I access my course?
A : Y	ou can expect an email welcoming you to the course one to two weeks before he course start. This includes an Enrolment Code to access the course on Moodle
